Main Benefits

OWN YOUR CREATIVE PROCESS

Nouvelle comes with PageBuilder, the drag-and-drop CMS offered by Magento Commerce, and Corra's Style Editor, an intuitive tool that will allow you to change all of your branded elements (fonts, colors, icons, etc.) directly from the Admin - no need for coding.

EVOLVE AS THE MARKET CHANGES

Nouvelle offers a full package of features (functionalities, extensions, integrations) that can be enabled/disabled based on your needs directly from the Admin.

ENABLE SUPERIOR CX OUT OF THE BOX

Nouvelle incorporates the most contemporary trends in UX and visual design to enable a strong connection with your audience and drive conversions.

FUEL NET NEW INNOVATION

Budget saved can be reallocated into enhancements and Growth Acceleration initiatives that will impact your bottom line. Corra offers a package of capabilities that will allow you to truly leverage the power of Nouvelle, including CRO, personalization, SEO, and performance enhancements.
